Maryville College Covenant

Preface

Maryville College is related to the Presbyterian Church (USA) in a voluntary covenant. The College community, in the name of Jesus Christ, seeks to challenge all human beings to search for truth, to work for justice, to develop wisdom, and to become loving persons. To amplify these noble ideals, the student body has developed its own covenant. The student covenant symbolizes the fusion of basic values and ideals that people of all beliefs share.

The heart of the covenant lies in commitment to integrity, responsibility of global citizenship, and appreciation of diversity. Individuals of high ethical standards do not lie, cheat, or steal. They realize their responsibilities as members of the global community and are diligent in fulfilling them. They recognize that tolerance implies no lack of commitment to their own beliefs; rather it condemns the oppression and persecution of others.

The covenant began as an idea in the Student Senate in 1990. Today it is a reflection of the values and ethics of the student body. As those ideals change, so will the covenant.

Covenant

Maryville College is a community for learning that challenges students to grow in academic competence, personal and social maturity, and spiritual discernment and commitment. As scholars, we strive to maintain a high level of academic integrity. As young adults, we struggle to grow into responsible men and women of strong moral character. As members of a spiritual community, we continue to develop an acute awareness of our individual faith while fostering a sensitivity and understanding of all faiths.

This covenant was developed and is maintained by the student body. Our community has an obligation and responsibility involving relationships and mutual understandings, appreciation, and respect. With this in mind I, entering into a covenant with all other members of the Maryville College community, vow to uphold the principles described herein.

Scholarship

- * to pursue lifelong goals of education and scholarship

Respect

- * to respect and appreciate the diversity of our community and the global community
- * to respect the rights of others be they property, privacy, opinion or expression

Integrity

- * to act with integrity in all interactions-academic, personal, and beyond
- * to encourage and support my fellow students as they aspire to be honest in their academic endeavors, as well as their personal relationships

Upholding these standards is vital to my continued growth as a person. I realize that nothing is achieved by those from whom nothing is expected and recognize that constantly challenging myself to become a better person is the only way to achieve that end.

RIGHT NOW

 Democrat President Bill Clinton was re-elected for a second term on November 5, 1996 over Republican Candidate Bob Dole. However, voters constrained presidential power by returning Republican majorities in both House and Senate.

 Trials of bombing suspects were brought to America's attention upon evidence which led to both cases in 1997. Timothy McVeigh was tried for the Oklahoma Bombing in 1995 and Unabomber suspect Theodore J. Kaczynski pleaded not guilty for charges made against him for numerous bombing cases around the country.

 On July 22, 1995, The comet Hale-Bopp was discovered by Alan Hale and Tom Bopp as they were observing the night sky over New Mexico. However, the comet sparked most interest in 1997 as it could be viewed clearly by the human eye. The comet is not expected to be seen again until the year 4397.

 Not one, but two plane crashes shook America's skies with anguish. The mysterious crash of TWA Flight 800 killed all passengers aboard after leaving New York to Paris.

Investigations are still pending. A ValuJet DC-9 crashed in the Florida Everglades in May of 1996 killing all 109 people aboard. Oxygen tanks are thought to be the cause of the crash as investigators continue to research the remains from the scene.

 The New York Yankees won the World Series for 1996 after beating the Braves. It was an exciting game as the Braves won the first two games. The Yankees then won the four straight games, claiming the title and bringing the pennant back to New York for the first time in years.

 38 people committed suicide under the direction of Marshall Herff Applewhite at the Rancho Santa Fe, California mansion of the Heaven's Gate Cult. The group believed that the comet Hale-Bopp was their ticket to go home to space. The bodies were discovered in the mansion, all dressed alike on mattresses with purple cloths surrounding their lifeless bodies.

 JonBenet Ramsey was strangled in the basement of her own home during the Christmas Holidays of 1996. No suspects have been tried, yet the controversy over little girls participating in beauty pageants was sparked nation-wide due to Ramsey's past affiliations with the organizations.

 After being found not-guilty for the murder of Nicole Brown Simpson. Football great OJ Simpson was found guilty in the civil rights trial held in New York City. However, Simpson did gain custody of both of his children.

 The Green Bay Packers won their first Super Bowl Championship since 1968 with a 35-21 win over the gritty New England Patriots. The key play was a 99-yard kickoff return for a touchdown by the Packers' Desmond Howard late in the third quarter.

 Tiger Woods shot a 69 to win the Masters by a tournament record 12 strokes. His 72-hole score of 270 broke the masters record of 271 that Jack Nicklaus and Raymond Floyd had shared. Woods, a 21-year-old PGA Tour rookie, is the youngest golfer ever to win the Masters.

The 1996-1997 edition of the Maryville College Equestrian Team completed a very successful season. Reenay Stephens qualified for the regionals in both English and Western riding while Kelly Lyon qualified for the regionals in English riding during a horse show that was held at Morehead State University in Kentucky on February 14-16. Despite this competition, MC also competed in a variety of other events held at various locations in the Southeast and represented Maryville College in not only a professional manor, but a competitive one as well. Congratulations ladies on a very successful season.

The Endless quest a vigil of watchtowers and fortresses against the sea and time.

Have they won? Perhaps.

They still stand and in their silent rooms still wander the souls of the dead,
who keep their watch on the living.

Soon enough we shall join them.

Soon enough we shall walk the walls of time.

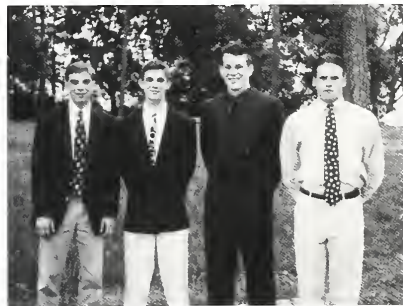

We shall miss nothing except each other.

Jim Morrison
Wilderness

As our graduation from Maryville College has ultimately arrived, we have once again closed a monumental chapter of our lives. This closure has signaled the arrival of yet another chapter of our lives, another beginning, the "real world." The "real world" is unfortunately not a new location of a popular MTV show, but a world of school loans, unpaid rent, car payments, and the infamous search for the perfect job. And Maryville College has been yet another step in the process of entry into the "real world," or growing up. I am scared, yet satisfied, on the unpredictable future that I have begun. I am also proud of the fact that I am a college graduate, despite where it may lead me. We should all be proud. The Class of 1997 set new precedence at Maryville College and fortunately, broke many of the rules as well. You will always remain in my heart and mind, as well as my soul. I pray that each of you will find your direction and will succeed in the many endeavors that you will encounter. As Jim Morrison eloquently stated in the poem above, "Soon

we shall join them. Soon we shall walk the walls of time. We shall miss nothing except each other." We have joined them and we have begun to walk the walls of time. And yes, the aspect of MC that I will miss the most are the lasting relationships that I have formed with others. I will miss nothing except each of you.

With the completion of the 1997 edition of *The Chilhowean*, it has marked the end of my tenure in the publications division at MC. I am proud of this year's yearbook and the fact that I have succeeded in its publication when individuals doubted me. Jeff Gary, thank you for not only your influence and direction, but for your valued friendship as well. "Just Win Baby!" To my two Assistant Editor's Alice Wong and Sarah Wagner, Brooklyn White, and the rest of the staff, thank you for your dedication in completing this project. And to Sarah and Brooklyn, good luck next year. I know that you guys will continue the tradition in making *The Chilhowean* a fingerprint of MC history.

Finally, to the most important part of my heritage at Maryville College... The Boyz. Clint Wight, yours dreams are now becoming a reality. I know you'll miss freshman harassment. I look forward to the day when I can refer to you as Dr. Clint Wight. Jon "J.D." Davis, aka Pookie. From Happy Gilmore to being the chosen one, I guess I'll see you one day out at the ninth green on the PGA Tour with that cheesy grin, a 12-pack of Coors Light, and people falling out of golf carts. Matt Wilks, my roommate for four long years, I couldn't have asked for a closer friend, brother, or roommate. Your dreams are just beginning to happen. Believe in them. Believe in yourself, because I do. No matter what you do, all the success you achieve is well deserved... except at Sega. Finally to Dave "DooDoo" Dupont, my brother and best friend, what can I say? Always the champions on the court. God has given you so many gifts. I envy your talents and I know that your direction is right around the corner. Through all the fun (excluding the Southern Comfort incident) and even at the face of a serious accident that almost took my life, you guys are the sole reason that I stayed at MC. Your friendships mean more to me than you know. I'll miss the Sega games, the partying, the pranks, the basketball games, and everything else that made our friendships unique. Blood runs thicker than water, and all of you are more than just my friends... your part of my family. It has only just begun...

This page goes out to all those who have recognized my dreams and aspirations, to those who have ever been an obstacle to these goals, and to everyone who has and continues to believe in the person that I have become... despite the tattoos, the love for a rebounding genius eloquently named "The Worm," or better known as Dennis Rodman, the craving for the aggression that the music of Korn provides, and my dedication for the Silver and Black.

I AM THE FREAK!!!
